

PEX Series

The Future of Portable Extractors

The PEX Series are the result of years of extensive engineering & design experience, and customer feedback coming together to create one of the most powerful and user-friendly portable carpet extractors ever made.

The PEX Series are designed with the end user's needs in mind. Features like upright, dolly design and roller handles for easy loading, unloading and stair climbing make the PEX easy to handle by one person. Wand caddy, retractable hose wrap and large rear wheels make the PEX very easy to transport. For maintenance, it doesn't get any easier than the PEX pallet design. Simply open the hinged tanks for full access to all internal components on the machine.

For performance, the PEX has all the power and versatility you expect from a U.S. Products extractor to have and more! Dual vacuums and on-demand 212°F heat provide unmatched cleaning power, but don't take our word for it, let the proven performance of the CRI Gold and Silver certification speak for the power of the PEX!

Convenient Controls

Easy Transport

- Wand Caddy
- Hose Wrap
- Cord Wrap

Convenient Service & Maintenance Access

*The PEX 500 has been tested and awarded the Gold certification for tested performance from Carpet and Rug Institute's Seal of Approval Program. The PEX 200 has received the Silver Certification.

Heated Carpet Extractors

PEX Series

The Future of Portable Extractors

Exclusive Features From U.S. Products

- **Dual Vacuums:** Dual vacuums with unrestricted airflow for superior water recovery, **NEW** innovative fresh air intake for each vacuum improves vacuum life, dual 3-stage for the 500 and dual 2-stage for the 200.
- **Heater Element:** In-line, after the pump for longer life and instant heat up to 212 °F at the wand tip, lifetime warranty.
- **Low Moisture System:** Less water combined with higher heat means faster drying times.
- **Circuit Locator:** Identifies separate lines to eliminate blown circuits.
- **Tanks & Bodies:** Lightweight, rotationally molded with lifetime warranty against cracks, leaks and dents. Unique pallet design for easy maintenance.
- **Low Noise:** Day-time-quiet operation with innovative sound deadening chamber.
- **Top Warranty:** Industry leading, 2 year parts and labor standard on the PEX Series.

Specifications

	PEX 500*	PEX 200**
Vacuum	Dual 5.7", 3-stage vacs, in series	Dual 2-stage 5.7" vacs, in series
Waterlift	200"	180"
Vac Shutoff	Ball Float	Ball Float
Pump	Positive Displacement adjustable 50-500 psi	Positive displacement adjustable 50-200 psi
Instant Heat	Adjustable to 212 °F or 145 °F	Adjustable to 212 °F or 145 °F
Heater	2000 Watts	2000 Watts
Gauge	Glycerin filled pressure gauge	Glycerin filled pressure gauge
Wand	Evolution Wand twin tip, 500 psi	Evolution Wand twin tip, 200 psi
Weight	110 lbs.	96 lbs.

Standard Features on all PEX Models

- Dimensions: 39"H x 25"W x 33"L
- Low moisture design
- 12 gallon solution tank
- 10 gallon recovery tank
- Wand caddy for easy transport
- 12" non-marking wheels and upright dolly design for easy stair climbing by a single person
- Convenient low solution filling area for easy filling
- 15' high pressure solution line and crushproof vacuum hose (optional 25' available)
- Cords: Two (2) 25' detachable 12/3 gauge, hospital grade plugs
- Roller handles with front lifting handle for easy loading and unloading by one person
- Low dB for day-time-quiet operation
- Innovative fresh air intake for each vacuum motor, increased durability
- Pressure relieve valve (PEX 500 only)

*The PEX 500 has been tested and awarded the Gold certification for superior cleaning performance from Carpet and Rug Institute.

**The PEX 200 has been tested and awarded the Silver certification for superior cleaning performance from Carpet and Rug Institute.
